Dear Professor Metelli,

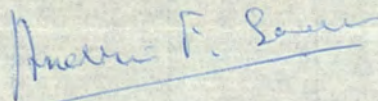

Recently I spoke to Mr. Knight about our plans on the ASI on Human information processing in Padova (1970). He was quite enthusiastic about the set up and hopes that we are able to submit the application before the February meeting of the Advisory group. It is essential however that letters of invitation have been sent to the proposed lecturers.

I would very much appreciate therefore, if you could let me know your opinion about the proposed contents of the form which we made up when I was in Padova.

I would also like to take this opportunity to thank you again for the most delightful reception you organised during my visit.

Would you, please, extend my thanks to your staff members and to Mrs Metelli.

Sincerely yours

Andries F. Sanders.
