

My dear Sir

17 May 1878

I sent with your parcel
at the same time, and enclosed
in the same packet to M. Hoepli
a parcel for M. Spegazzini of
Coregliono. - I have heard
from M. Spegazzini that he
has received my parcel - and
therefore your parcel enclosing
5 parts of Mycographia and a
parcel from Vize - must be
in Milan. If it were not so
M. Spegazzini could not have
received his. M. Cooke
