

UNITED STATES DEPARTMENT OF AGRICULTURE,

DIVISION OF VEGETABLE PHYSIOLOGY AND PATHOLOGY,
WASHINGTON, D. C.

September 9, 1895.

Dr. P. A. Saccardo,

R. Orto Botanico,

Padova, Italy.

Dear Sir:

Your request for No. 4, Vol. VII, of the Journal of Mycology was received some time ago, but in some way was mislaid and has now come to light. No 4 of the Journal was issued almost a year ago and you should have received it long ago, as your name is on our mailing list. We presume, however, it must have been lost in transit, and I take pleasure in forwarding you, through the Folding Room of the Department, another copy. I trust this will reach you without delay and much regret that you should be so long without a copy of this number.

Very truly,

B. A. Galloway
Chief of Division.

N.E.F.
