

Forden. Welshpool. Sep 11. 1882

I have requested Mr Phillips to remit you
the amount for Sylloge, & hope he will include
the sum for Fungi Ital: just received. Thanks
for it. What a great error you have made in
printing the Index so much smaller than the
Tab: - they cannot be neatly bound together.
a little page too would have been very nice.

Sincerely yours
John E. Vire.
