

10. XI. 13.

My dear Sir

Very many thanks for the list
of seeds of your Garden and for the
post card showing good views of
the Padua Botanic Garden. -

If you could arrange for a photograph
to be taken from the same point of
view as that of the post card
showing the arrangement of the small
flower beds I should be much obliged.

I should of course be prepared to pay
for the negative or for a print
as I am anxious to obtain the view
for the purpose of having a lantern
slide made to illustrate a lecture
on the History of Botanic Gardens.

It would not be possible to have
a good lantern slide made
from the prints you have so kindly
sent me.

a photograph taken in winter, when
the leaves have fallen from the trees
would probably show the features of
the garden better than one taken in
the summer.

I am

Yours very truly
Arthur Hill
