My dear Dr. Saccardo:

Under separate cover I have again sent four packages of Philippine fungi and I trust that these will reach you in good condition. I am anxiously awaiting your first determinations on my specimens. Some of these latest specimens are fungi on hosts collected in southern China. I still have a <sup>a</sup> ~~large~~ number of these specimens which I am preparing ready for shipment. As soon as these are in condition for sending away I shall forward them to you. Thanking you kindly for your hearty co-operation in this regard, I remain

Very truly yours,
