Dear Sir:

Would you please inform me where I could obtain a complete set of your Sylloge Fungorum. I still have a number of specimens which I shall forward to you as soon as they can be prepared for shipment. In going over some of my recent collections, I have found a mistake in regard to the records. All numbers 3295 to 3455, inclusive except numbers 3426 and 3481 to 3488, inclusive, should be recorded as on dead wood and not as on definite hosts. I should be pleased to have you make these corrections on any of the specimens that I may have sent you. Trusting that all my former shipments have reached you in good condition, I remain

Very truly yours,

  
OTTO A. REINKING,  
Assoc. Prof. of Plant Pathology.
