**To be seen currently with our
Summer International IV
exhibition will be a selection
of paintings and drawings
dating from 1920 to 1959 by
EDWIN DICKINSON**

We take pleasure in announcing that the firm of Kiesler and Bartos has been commissioned to design a sculpture court for World House. For this purpose additional space has been leased from The Carlyle Hotel.

Because of the extensive architectural renovations involved, the Gallery will be closed during the month of August.

The inauguration of the sculpture court will take place early in September with major works recently acquired.

Following our recent exhibitions devoted to such internationally known artists as Giacometti, Klee, Manzù, and Gatch, our SUMMER INTERNATIONAL IV exhibition will open on June 21 and will continue through the month of July.
